**The Leopard ViceVersa Inverted Full-Length Umbrella  
SB-4621**

It's a jungle out there, so be sure you're spotted! This umbrella features a black outer canopy and dramatic leopard-pattern undercanopy. The black C-shaped handle allows hands-free use of cell phones and other devices. Best of all, it's designed to protect you from the rain AND a rain-soaked umbrella. It closes in reverse fashion, keeping the wet side of the umbrella contained and away from you.
